“Residential Dump Days” Offers Reduced Rates and Free Select Dumping on April 3rd and 4th

Washoe County, Waste Management and Keep Truckee Meadows Beautiful have designed special community events to be held in April 2010 to encourage Washoe County residents to dispose of their household bulky items (free of charge), and municipal solid waste (reduced rates) in an effort to reduce illegal dumping in our community.

Waste Management will be accepting household bulky items free of charge (outlined below), and Municipal Solid Waste (MSW) at reduced rates at both Transfer Stations in Reno on April 3rd and 4th. Materials commonly associated with illegal dumping will be accepted free of charge.
